

7MM + 5MM + 3MM FULL + 2MM SHORTY VELOCITY

THE RIGHT STRETCH IN THE RIGHT PLACE

What makes these wetsuits so special is the unique combination of three different FULL-STRETCH neoprene materials. This selective fabric strategy allows us to deliver a suit with enhanced durability and maximum mobility without compromising on fit, feel and performance. We call this PROGRESSIVE FULL-STRETCH and it's only available in the Velocity Series.

MATERIAL

- PROGRESSIVE FULL-STRETCH neoprene for exceptional stretch and overall performance

INNOVATION

- Incorporates our newly advanced PROGRESSIVE FULL-STRETCH technology. This technology uses the latest in full-stretch neoprene by placing varying degrees of full-stretch panels into specific performance zones of the suit improving fit, feel, comfort and overall performance

COMMON FEATURES

- Heavy-duty back zipper with skin-to-skin internal sealing flap
- Seamless underarms for superior comfort
- Loop at base of zipper assists donning
- PROTEKT knee protection provides the next generation of abrasion and wear resistance (Full only)
- Anatomically correct pattern for three dimensional fit throughout

OTHER FEATURES

- 7MM + 5MM: Comfortable contoured 5MM GLIDESKIN collar with 360 degree neck seal minimizes water entry through neck/zipper
- 7MM + 5MM: Internal skin-in flip seals at mid-forearm and mid-calf to reduce water entry
- 7MM + 5MM: Embossed back knee flex panels
- 7MM + 5MM: Heavy-duty ankle zippers for easy donning
- 7MM + 5MM: Double glued with SECURE-LOCK construction
- 3MM: Comfortable contoured 2MM GLIDESKIN collar with 360 Velcro™ adjustment
- 3MM + 2MM: Rolled GLIDESKIN wrist and ankle/thigh seals
- 3MM: Flatseam construction throughout for stretch and comfort
- 3MM: Comfortable contoured 2MM GLIDESKIN collar with 360 Velcro™ adjustment
- 3MM: Heavy-duty back zipper
- 3MM + 2MM: Flatseam construction throughout for stretch and comfort
